Dear Chairman Cole and Ranking Member DeLauro,

I am requesting funding for the Greenville Volunteer Fire District #1 Capital Project in fiscal year 2025. The entity to receive funding for this project is the Greenville Volunteer Fire District, located at 11176 NY-32, Norton Hill, NY 12083. The funding would be used for a new firehouse. The project is an appropriate use of taxpayer funds because the current firehouse is built within feet of an eroding stream bank that has encroached on the firetruck garage because of the extreme rain and flooding we have experienced lately. It is a building beyond repair at this time due to black mold, leaks, energy inefficiency, problems with right-of-way parking, and ingress/egress issues for the firetrucks. From 2018 to 2022, GFD1 has spent \$171,231.98 in repairs.

The project has a federal nexus because the funding provided is for purposes authorized in Section 306 of the Consolidated Farm and Rural Development Act, 7 U.S. Code section 1926(a).

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Marc Molinaro  
Member of Congress
