Dear Chairman Cole and Ranking Member DeLauro,

I am requesting funding for the Rock Hill Fire Station Project in fiscal year 2025. The entity to receive funding for this project is the Rock Hill Fire Station, located at 61 Glen Wild Road, Rock Hill, NY 12775. The funding would be used to add 2 truck bays, enlarge 4 exiting truck bays, add a radio room, chiefs' room, d-con room, engineers' room and workshop, mechanical room, commissioner's room, and ADA bathrooms and showers. The project is an appropriate use of taxpayer funds because the original 2 bay fire station was built in 1957. Since then, it has had 6 additions so far. Because of the age of the building, there are issues with the electrical and plumbing system, the bathrooms aren't ADA compliant, and there are roof structural issues.

The project has a federal nexus because the funding provided is for purposes authorized in Section 306 of the Consolidated Farm and Rural Development Act, 7 U.S. Code section 1926(a).

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Marc Molinaro
Member of Congress
