Dear Chairwoman Granger and Ranking Member DeLauro,

I am requesting funding for the Village of Monticello Water Treatment Plant Improvements in fiscal year 2024. The entity to receive funding for this project is the Village of Monticello, located at 2 Pleasant Street Monticello, NY 12701. The funding would be used to build a new water treatment plant with all new treatment units, sodium hypochlorite instead of gas chlorine for disinfection, all new distribution pumps, and a new clear well. The project is an appropriate use of taxpayer funds because the water supply needs improvement, and the current plant is very old, hence it will decrease the costs for residents to purchase water.

The project has a federal nexus because the funding provided is for purposes authorized by Section 1452 of the Safe Drinking Water Act, 42 U.S.C. 300j-12.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Marc Molinaro
Member of Congress
