Dear Chairwoman Granger and Ranking Member DeLauro,

I am requesting funding for Oneonta West Main Street Water & Sewer Extension Project in fiscal year 2024. The entity to receive funding for this project is Town of Oneonta, located at 3966 NY-23, West Oneonta, NY 13861. The funding would be used for installation 7,000 linear feet of sewer and water lines and associated laterals, meters, and hookups. The project is an appropriate use of taxpayer funds because it will provide reliable water for commercial growth and existing residents in the area. The lack of reliable water has a detrimental effect on development and real estate values, discouraging business from choosing Oneonta to operate in.

The project has a federal nexus because the funding provided is for purposes authorized by 42 U.S.C. 5305(a)(2).

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Marc Molinaro
Member of Congress
