Dear Chairwoman Granger and Ranking Member DeLauro,

I am requesting funding for the Trumansburg New Emergency Medical Services and Fire Station Building in fiscal year 2024. The entity to receive funding for this project is the Village of Trumansburg, located at 56 E main street Trumansburg, NY 14886. The funding would be used for construction of a new Fire and Emergency Medical Services (EMS) facility to provide sufficient space for both Fire/EMS staff and add more garage bays for Emergency Service Vehicles. The project is an appropriate use of taxpayer funds because as the community and jurisdictions continue to grow, this project will ensure that this department can continue to meet all of the needs of the communities its services.

The project has a federal nexus because the funding provided is for purposes authorized by Section 306 of the Consolidated Farm and Rural Development Act, 7 U.S. Code Section 1926(a).

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Marc Molinaro
Member of Congress
